If you are a citizen of the Republic of Ireland, Malta or Cyprus, you are eligible to register to vote at all UK elections and **do not** need to use this form. Ask your local electoral registration office for the appropriate registration form.

Please read the following information before you fill in this form.

- The electoral register is published each year on 1 December. Names and addresses can be added and removed throughout the year.
- **This form only registers you for European Parliamentary elections.** You should already have been included on the register of local electors by your electoral registration office. If you are not already registered, you can get a registration form for this purpose from your local electoral registration office or by downloading a form from our website www.eoni.org.uk. For addresses of the local registration offices phone the Advice Line on Freephone number 0800 4320712.
- On this application form you must give your date of birth, your National insurance number and sign the form. No one can sign it for you unless you are unable to sign because of an incapacity or because you are unable to read. You must also have been resident in Northern Ireland for the whole of the three month period prior to the date on this application.
- Each person applying as a European Parliamentary voter must fill in a separate UC1 form. If you need more forms, please contact your local electoral registration office.
- When you submit this application and it is accepted, you will be registered as a European Parliamentary voter immediately. If we need more information we will write to you.
- You cannot vote at the European Parliamentary elections in more than one country. If you fill in this form, you are agreeing to vote in Northern Ireland and **not** in your home country. You can, of course, cancel this registration at any time.
